Grant funds may not be used to provide general support for international scientific conferences held outside the United States or Canada. Grant funds may be awarded to a U.S. component of an international organization to provide limited support for specified segments of an international conference held outside the United States or Canada if the conference is compatible with FDA's mission. An example of such support would be a selected symposium, panel, or workshop within the conference, including the cost of planning and the cost of travel for U.S. participants for the specified segment of the scientific conference. Any Public Health Service (PHS) foreign travel restrictions that are in effect at the time of the award must be followed, including but not limited to:

1. Limitations or restrictions on countries to which travel will be supported; or
2. Budgetary or other limitations on availability of funds for foreign travel.

The collection of information requested in PHS Form 398 and its instructions have been submitted by PHS to the Office of Management and Budget (OMB) and were approved and assigned OMB control number 0925-0001. Information collection requirements requested on PHS Form 5161-1 were approved and issued under OMB Circular A-102.
